❄ Remisage Hivernal

Si le climat de votre région connaît des conditions de congélation, n'entrez pas de produit à l'envers. L'humidité peut s'accumuler dans les armatures et quand congelé peut fendre, déformer ou casser le tube de cadre.

❄ Winter Storage

If the climate of your area experiences freezing conditions do not store any product upside down. Moisture can accumulate in the frames and when frozen can crack, distort or break the frame tubing.
